

# HERE'S the POINT

By SPENCE HELD

I saw the kite parade Friday afternoon and watched the kids fly 'em from the beach, and spent the night in a motel. There was no connection—it just happened that way.

You see, a bunch of high school girls had a slumber party at our house. Me, I like peace and quiet, and it was the path of least resistance to camp elsewhere that night.

The girls were supposed to arrive about 7 p.m. But they began drifting in at 6 o'clock, so my wife and I fled to a restaurant for dinner. Then I packed my toothbrush and took off for a quiet motel near Mission Bay.

Quiet, did I say? Yeah, the dredger was working overtime; when I rented the room the noise must have been muted because I hardly noticed it. However, it soon grew to a roar. This pitch was sustained most of the night—or so it seemed to me.

And the dawn came up like thunder from the pipeline in the Bay, to paraphrase Kipling.

Well, it probably was better than the "slumber" party, at that.

When the kite-carrying kids marched down Newport Ave. Friday afternoon, at least one boy was equipped also with a fishing rod and reel. Later I looked for him on the beach but didn't see him.

About a dozen kites already were in the air when the parade reached the foot of Newport. Two women were flying them from the sidewalk.

Most of the crowd adjourned to the beach, parents and spectators alike. Hundreds of kids got their kites into the air without much trouble but others encountered technical difficulties. Some kites just wouldn't fly. Some swooped and crashed; many strings got crossed, and the confusion was tremendous. It was happy confusion, however.

W. H. Hutchings, of 4632 Santa Monica Ave., who will be 80 years old on his next birthday, enjoyed the spectacle.

Pointing to a man flying two kites on one string, he said: "I've seen kites all over the country but I never saw them flying in tandem like that."

(One had no tail—it was tied behind the other, and both flew steadily.)

The fella flying 'em was Capt. J. Suther, professor of military science and tactics at Jackson, Miss., High School. He is visiting his parents, Mr. and Mrs. A. P. Suther, 4772 Long Branch Ave.

"My two boys got wet," he said, "and their mother took them home."

Capt. Suther had two kites and one ball of string so he made arrangements for them to fly together.

His tactics were perfect.

During the excitement on the beach I observed a husky life-guard sitting in his jeep. He was reading a book.

It reminded me of the sports writer who used to sit in the press row at the San Diego Coliseum, reading "The Decline and Fall of the Roman Empire" while a couple of beetle-browed bruisers slugged each other silly in the ring.

## Fun & Excitement Reign At O. B. Kite Festival

Kids and kites provided an afternoon of fun and excitement at Ocean Beach Friday in the annual Kite Festival.

About 1000 kids flew their stick-and-paper creations from the beach after parading down Newport Ave. and hundreds of adults helped their offspring and enjoyed the spectacle. Weather conditions were perfect.

Monte Hall, riding in a car with a big kite, and the Lomanettes led the parade down Newport. The Lomanettes included pompon girls, drum corps and drill team. The Point Loma High School band also marched.

Guests riding in cars included Councilman Clair Burgener, Leo Calland, director of parks and recreation; Frank Swan, president, O. B. Kiwanis Club, and Harry La Dou, president, O. B. Chamber of Commerce.

Then came the hundreds of kids carrying colored kites.

Green was a popular color, due to the proximity of St. Patrick's Day, and the designs showed considerable originality.

On the beach, the crowd of kids and adults concentrated in the area between Cape May Ave. and Newport. The big pipeline laid for pumping sand from the Mission Bay channel dredging was an obstacle easily overcome by most of the kids.

Scores stood atop the pipe as they flew their kites. Cub Pack 228 had a table for repairing disabled kites, and it was a busy place.

Harry La Dou flew a kite, as did Joe Richardson, chairman of last year's Daz-O-Fun carnival. Many adults apparently enjoyed themselves as much as the kids.

## LOCAL ANGLERS FLEX MUSCLES FOR BIG DERBY

With the kickoff of the \$25,000 San Diego Yellowtail Derby now only a matter of a little more than a week away, deep sea anglers limbered up their casting arms on big schools of yellows working at the Coronado Islands and the Rock Pile and reported fair success.

At the same time, there was general improvement in the entire picture, for white sea bass and bonito turned up at the islands, calicos started popping at Point Loma and La Jolla, and bottom fishing boats continued to haul up limits of cod and groupers.

April 2, the derby starting date, became still more important to anglers with the announcement by George Perkins, Junior Chamber of Commerce derby chairman, that six special prizes would be at stake on that day. The list of special awards included a Crosley TV, Evrindure outboard motor, watch, rod-reel-line combination, portable cooler, and camping tent. The prizes are to be awarded for the first yellow taken and for the largest brought to boat.

The Point Loma-Ocean Beach district was well represented in the ranks of successful fishermen this week, the list including Don Childs, Jack Dunn, Tony Zarola, William Davis, Al Davis. Largest yellow of the week was a 30 pounder caught by W. E. Joseph, a visitor from Pennsylvania, making his first deep sea trip.

The public is cordially invited to attend any of the nightly services at 7:30 p.m. each evening. The titles of the pictures and sermons for the week are as follows:

Look and Live: Harvest Time; Pearl of Great Price; The Glorious Exchange; The Point of No Return; Thirty Pieces of Silver; This Old House.

## Port Of San Diego Gains Recognition In World Trade

The growing importance of San Diego's role in world trade was indicated by the recent visit of Carl F. Gadde, of Sweden's General Export Association. In an interview at the offices of the San Diego Chamber of Commerce, Gadde said: "We in Sweden have long known of the Port of San Diego as a great naval port, but in recent years your interest in commercial shipping and world trade has given us a new view of your fine harbor as an active commercial port of call."

Ships of Sweden's Johnson Line have called at the port of San Diego since 1938.

They have brought in thousands of tons of newsprint, fertilizers and manufactured goods. On the export side they have carried tens-of-thousands of bales of Imperial Valley and Mexican cotton to European textile mills.

According to Milton Hallen, traffic manager of the Port of San Diego, "Mr. Gadde's visit to San Diego, his only stop on the Pacific Coast, indicates that we are gaining international recognition as a shipping center."

The General Export Association of Sweden is an organization of 2000 private firm members representing the full range of Swedish production.

Gadde said that hundreds of Swedish firms are seeking representation in the United States. He added that his country produces complete lines of yachts, marine engines, and hardware that would be of particular interest to boat-minded San Diegans.

## TEN PT. LOMA STUDENTS WIN BANK OF AMERICA AWARDS

Ten Point Loma High School students have been named winners of Bank of America Achievement Awards, Principal Robert F. Heilbrunn announced yesterday.

They were selected in the first step of a program in which the bank will divide \$17,600 among 60 top senior students from high schools of the southland. Other awards are 500 gold cups and 1,500 achievement certificates. The awards are to bring public recognition and encouragement for achievement in scholastic, leadership and promise of future service to society.

Point Loma High cup winners in their general fields of study, who also won certificates, are: David J. Eberhardt, science and mathematics; Ann C. Russell, fine arts; Marilyn R. Ottinger, liberal arts; and Margaret P. Jones, vocational arts.

Certificate winners in their specific fields of study are: Burrell Hatcher, mathematics; J. Robert Asaro, art; Linda Marks, social science; Barbara Foxworthy, foreign languages; Mary H. Treat, home economics; and Tom Abels, trades and industrial.

Most of the cup winners will next compete against cup winners from other high schools of this zone, on April 21, when they appear before a judging panel of civic leaders. The panel will hear the students in group discussions of their studies as related to important topics of the day, and will name the zone winners.

All zone winners will receive cash awards ranging from \$100 to \$1,000, the amount of each being determined when the zone winners appear before a final board of civic leaders, in more group discussions. The final judging will be held May 19 at Statler Hotel, Los Angeles, where the cash winners will be honored at an evening banquet attended by 400 students, parents, educators, and business leaders.

The bank's program is statewide, with a total of \$35,600 in cash awards being presented, but there is no competition between the northern and southern divisions.

## Boy, 5, Drowns Near Boat At Shelter Island

A 5-year-old boy was drowned Monday in 12 feet of water near the family boat at a Shelter Island Landing.

The boy, George Barton, had been reported missing at 5:45 p.m. by his mother after she returned from work. She made the report to police soon after her husband, Beverly James Barton, a night auditor at a downtown hotel, had left for work. The family lives in the boat at the landing.

At 9:45 p.m., the boy's body was found by a diver following a search by several hundred police officers, coast guardsmen, sailors and volunteers.

Deputy Coroner M. T. McKisic said that children who live on the boats at Shelter Island are under orders to wear life jackets when playing. The boy's life jacket was found in the cockpit of the Barton boat.

## Teen-Age Traffic Safety Meeting Set For Friday

"Courtesy in Driving" will be one of 11 topics discussed in the workshop sessions of the Second Annual San Diego County Teen-Age Traffic Safety Conference to be held Friday, March 25, at the Conference Building in Balboa Park. The conference will be attended by several hundred delegates from junior and senior high school, colleges and military installations throughout San Diego County.

Good manners and courtesy are the traffic safety themes sponsored during the current month in San Diego County by the Kiwanis Club of Old San Diego in cooperation with the San Diego County Traffic Safety Council.

Other subjects to be considered by the Teen-Age conferees are Traffic Violations, Traffic Safety Promotion, Licensing and Insurance, Car Clubs, Driver Education, High School Safety Councils, Traffic Safety Projects, Junior High School Traffic Problems, and a Constitution and By-Laws for a permanent county-wide Teen-Age Traffic Safety Council.

Joseph Havenner, manager of the public safety department, Automobile Club of Southern California, will be the principal speaker at the Teen-Age Conference. Mayor John D. Butler and Frank A. Gibson, chairman, County Board of Supervisors, will welcome the delegates.

## EASTER SEALS HELP CHILDREN

"A contribution—no matter how small—from every family." That's the slogan for the 1955 Easter Seal campaign.

But in any event, the San Diego Society for Crippled Children, local sponsor of the appeal, asks that you not return the Easter Seals you received.

Society officials ask that you use the seals on your mail throughout the year, pointing out that by doing so you are helping crippled children by spreading the word that crippled children need help.

Furthermore, they promise, you will not be billed and will not receive a follow-up card or letter if you do not return your seals.

"Keeping and using Easter Seals helps scores of crippled children," they say. "On the other hand, returning the seals will help no one."

Money raised here will be used to help finance the Children's Hospital outpatient clinic and to furnish general hospital care for San Diego handicapped children. Seal funds also provide weekly speech therapy, parental counseling and a summer camping program for crippled children.

The current appeal extends through Easter Sunday, April 10.

## ADULT BIBLE CLASS

## Candidates For Mayor Talk At Kiwanis Club

Councilman Charles C. Dail and Harry Foster, candidates for mayor, outlined their qualifications at Tuesday night's meeting of the Ocean Beach Kiwanis Club. Dave Pain was program chairman.

No verbal fireworks exploded, but it was evident that the campaign is heating up and the fight for the job of the city's chief executive will produce plenty of pyrotechnics.

Dail stressed the importance of developing more industry in San Diego, to establish a sound local economy by assuring sufficient jobs for residents.

"There are 16,000 unemployed persons here now," he said.

San Diego has considerable land on Kearny Mesa and elsewhere that would make ideal sites for industry, according to Dail. He promised to do everything possible to bring in suitable industry.

Dail said he has served on the

City Council 12 years and has studied and worked with 12 annual City budgets.

Foster said he came to San Diego after World War I, established his own construction business, and has been financially successful.

As a successful business man with wide interests he understands the whole picture of San Diego's needs and requirements, he declared.

Foster pointed out that he was able to retire from business at 55 and is available as a full-time mayor.

There was a brief question-and-answer period after the candidates spoke.

## LOCAL TROOPS IN GIRL SCOUT PLAY FINALS

Two Peninsula area troops will compete in the finals of the third annual Girl Scout play tournament Saturday, March 26, in the Puppet Theatre, Balboa Park.

Brownie troop plays begin at 11 a.m., and Intermediate Scout troops at 1:30 p.m.

Sponsored by San Diego Junior Theatre, the county-wide competition was handled by Mrs. Berner Hale, chairman, and four area chairmen, including Mrs. Charles Newman.

Mrs. Newman's area comprised Point Loma, Ocean Beach, Mission Hills and La Jolla Vista.

Five awards will be presented by Mrs. Fraser L. Macpherson, Junior Theatre board chairman, in addition to the sweepstakes award. Two judging committees have been named from Brownies and Intermediates.

Rivalry is reported red-hot, and a hard-fought game is expected.

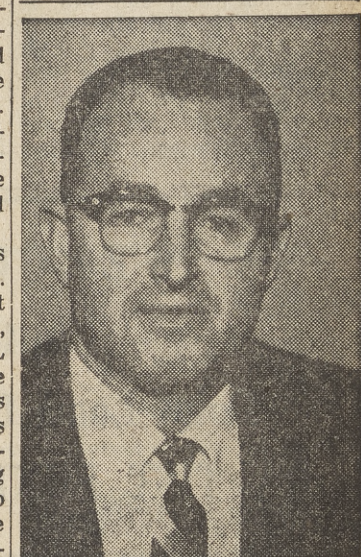

## JOHN W. QUIMBY WILL HEAD 3rd UNITED SUCCESS DRIVE

John W. Quimby, secretary-treasurer of the A. F. of L. Central Labor Council, will head the Third United Success Drive this year as campaign chairman. Chest officials made the announcement yesterday and expressed "great confidence in the continuing success of united fund raising in San Diego."

The Third United Success Drive is slated for early fall. La Motte T. Cohn, president of the Community Chest, said, "We feel that the A. F. of L. Central Labor Council is to be heartily congratulated on its spirit of sacrifice in sharing its chief executive with the community cause. It is in keeping with the labor tradition here to set the welfare of our entire community high on its list of responsibilities."

Quimby, a native San Diegan, first stepped into the labor picture here when as a truck driver for Young's Market Co. he joined the Teamsters Union Local 542 in 1937. Two years later he became recording secretary and member of the local's executive board.

In 1940 he became circulation manager of the Labor Leader and held that position until he was elected secretary of the Central Labor Council in 1946. One of his first official actions as secretary to the central council along with other top Labor Representatives was to change the by-laws to force the expulsion of any possible Communists from the local labor movement. As a result of this action, San Diego Labor today has one of the cleanest records on the Pacific coast.

JOHN W. QUIMBY

Quimby also has an outstanding record in community service. He has served on the board of directors of the Community Chest, Community Welfare Council, Boy Scouts, Family Service, Cancer Society, Red Cross, Door of Hope, San Diego Blood Bank, and Girls' Club. He has been president of the Salvation Army and has served on the advisory board of San Diego State College and the advisory board of the State Department of Employment.

Last Month Governor Knight appointed Quimby to the five-member State Industrial Welfare Commission. He was also appointed by the Board of Supervisors to the County Civil Service Commission.

### Seventh Annual Home Show Opens For Nine Day Run

The Electric Building and its adjacent grounds in Balboa Park have been turned into a brilliant showcase, displaying the best in today's living, for the seventh annual Home Show which opens a nine day run this coming Saturday at 1 p.m.

This year a combination of silver fox sandblasted plywood, verdant planter boxes and silken draperies have transformed the Electric Building. In discussing the event Jim Wilson, director of the Home Show said that a greater degree of beauty is being stressed in all phases of the show. He also announced that Jan Golus, reigning Miss San Diego would again serve as official hostess and queen of the Home Show.

Major Features  
Major features of the show are Charm Cottage, the Cinderella Pool, three vast rooms filled to capacity with displays covering home building, remodeling and decorating fields, and a fourth room showing a star-studded display of foreign cars.

A colorful series of events is scheduled for each Saturday and Sunday afternoon at 4:15 around the Cinderella Pool. Candidates for the prize title "Miss San Diego" will model 1955 swim suit fashions with Jan Golus introducing the girls and describing the suits.

Charm Cottage has been turned over to one of the area's best interior decorators, Grace Lawrence, whose studios are known as Grace Lawrence Interiors. She is creating a blend of the old and the new. A formal French provincial design of long ago has been combined with today's most contemporary design, resulting in an inviting, comfortable atmosphere in which the man of the house will feel as much at home as his wife.

The cottage faces the patio and its first structural features will interest all home owners who have been wanting to expand their outdoor facilities.

Foreign Cars  
Such names as Pegaso, Ferrari and Rolls-Royce are known to foreign car enthusiasts, but this is the first time that these three luxury cars have appeared in a San Diego showing.

## PARTY LINES

By Evelyn MacConnell  
AC 3-0695

Jimmy Flowers, 2373 Seaside St., celebrated his fifth birthday on March 15th, by appearing on Smoky Rogers' Birthday Party on television. He also received birthday gifts during the day from Lynn and Carol Burkhardt, Kerry and David Kier, Barbara and Leonard Ferrin, and his sister Gayle.

Mr. and Mrs. D. E. Mattison and three children, Don, Dick and Marjorie, moved here from Claremont to their own new home on Amford Dr. Originally, the family came from San Francisco.

Jim Smith, son of Mr. and Mrs. Albert Smith, 5130 Long Branch Avenue, has been home on a week's visit from the McCord Air Force Base in Tacoma, Wash. It was snowing in Washington when he left and he has enjoyed the weather in his native community. However, he enjoys his duty and finds the people friendly towards servicemen.

Mrs. Beulah Jennings and her son, Frank, are in their own home in the 500 block on Savoy St. They moved here from Chula Vista. Mrs. Jennings was formerly in the restaurant business in National City.

In approximately six weeks work will be completed on the new rectory of St. Charles Borromeo church in Loma Portal. All parishioners are happy to see this dream come true, but more so are the three priests, Rev. William J. Cooney, Pastor, and assistants, Rev. Edwin Spalding and Rev. Thomas Bolten. The original rectory was not intended to have been used as such originally, and it has never been adequate for a home for the priests.

Mr. and Mrs. Frederick A. Kahler and children, Steve and Carol, came from Davenport, Iowa, and are greatly enjoying our wonderful weather. They are leasing a home in the 3800 block on Talbot St.

Lt. Comdr. John A. Pierce, USN (Ret.), spent St. Patrick's Day with relatives in Los Angeles and Pasadena. Upon his return he tells us it was a sad day for some Irishmen as it was election day in Pasadena and all bars, etc. were closed.

Mr. and Mrs. Wm. Ashmore and son, Robert, moved from Claremont to the 4700 block on Bermuda Avenue. Mr. Ashmore is flight engineer at Convair.

Mr. and Mrs. W. G. Wimer and young son, Michael, are in their own home in the 2100 block on Venice St. They moved here from Pacific Beach Drive. Mr. Wimer is a designer with Richard Wheeler, the architect.

Voltaire Realty has experienced growing pains, so as to relieve such a case they are taking additional space in the new Harold LaFleur building adjoining the present office. This will provide an extra office, making three altogether, and also provide the owner of the new build-

ings, Mr. LaFleur a brand new office.

Lt. (jg) Richard Peterson, USN and Mrs. Peterson and young son, R. Nord, have for a time been residing at 5123 Voltaire St. They are now in their own home at 1722 Redondo St. Originally the family came here from New England.

For a glimpse of beautiful flowers in bloom, see them at the Steiger property on Talbot at Canon St. The garden is leased to Japanese gardeners who are commercial growers.

Mr. and Mrs. M. L. Perlati and four children, Victoria, Sharyl, Maxie and Mike, recently moved from 2739 Cadiz St. to 4138 Catalina Place. Their home is the first of either six or seven to be built in that area.

Mr. and Mrs. Paul Puria and daughter, Diane, lived in Ocean Beach for a short time four years ago and have always wanted to return. They have been living in San Diego, but now at last are in their own home in the 4300 block on Del Mar Ave. Mr. Puria is with the U. S. Health Department.

Mrs. Lloyd N. Davis, 2222 Froude Street, spent last week in Glendale at a reunion with a former college friend whom she had not seen for many years.

Mrs. Sylvia Von Deck, whose permanent home is New York City, is making her home with Mrs. Davis for a time. This is Mrs. Von Deck's fifth visit to California. She has two good reasons for being here—loves our climate and has relatives in various parts of California.

Mr. and Mrs. Ray Orrick of Rich Farms, Ill., have returned to their home following an enjoyable visit in Ocean Beach at the home of the Roy Orricks, 4542 Bermuda Avenue. While here the visitors were taken on numerous guided tours of San Diego and to Caliente. They also took journeys into Northern California.

### Missions Appeal Now Open In Area

Members of the Seventh-day Adventist church will cut corners on routine activities for the next three or four weeks in order to participate actively in the denomination's annual Missions Appeal which began March 21st.

With household chores cut to a minimum and evening relaxation temporarily banished, the volunteer solicitors will visit friends and neighbors in the community to invite them to share in the mission and welfare program sponsored by the church in 198 countries of the world. Philip B. Knoche, pastor of the Ocean Beach Adventist congregation, reports that last year the denomination spent approximately 60,000,000 in its medical, educational, evangelistic, and welfare work.

In addition to the regular mission program, the minister says individual churches operated welfare activities that last year saw 1,201,700 persons given aid valued at \$10,420,000. "Our members are not professional solicitors," Pastor Knoche pointed out; "nor do they particularly enjoy climbing hundreds of doorsteps and knocking on hundreds of doors during the drive. But they want to contribute this time and energy in addition to their financial contributions in order to bring aid to the millions on earth who suffer physical, mental, and spiritual malnutrition."

The pastor stated that each solicitor would carry official credentials issued for the 1955 drive.

### NANCY SUSAN CHENNELL ARRIVES HERE MARCH 15

Nancy Susan Chenell made her appearance on March 15. The young lady tipped the scales at seven pounds, fourteen ounces. Nancy is joined at home by her parents, Mr. and Mrs. H. Ward Chenell, 1032 Santa Barbara and a sister, Irene and a brother, Christopher.

JEAN V. MARTIN, well known local artist, announces the opening of her new studio, "The Magic Palette, Studio 34", on Saturday and Sunday, March 26 and 27 from 2 to 5 p.m. She will share her studio in the Spanish Village, Art Center, Balboa Park with Dorothy Clifford who is an officer in the association and also very prominent in San Diego art circles. Mrs. Martin has studied at the Academy of Fine Arts in San Diego and with artists Alfred Mitchell, Jane Standley, and John Dirks. She is Art Chairman for the Federation of Womens Clubs and teaches art in the Adult Education Program of the San Diego City and County Schools.

This is the second in a series of three dinners planned by the troop.

### Primitive Camping

Plans for a primitive encampment April 1, 2, 3, and 4 on a private ranch near Ramona are being made by eighth grade Girl Scouts of Troop 172.

The Scouts, who are working on their Curved Bar rank, have set up a regular camp schedule to include knot tying, lashing, semaphore code drill, compass work and nature craft. Working in twos, the girls will plan their own meals and cook over wood and charcoal fires.

Barbara Bates, 840 Tarento Drive, was hostess at a potluck dinner for the troop Tuesday. Those attending were Peggy Smith, Pamela Peterson, Nora Dorman, Cheryl Dudley, Nancy Olson, Wanda Canoy, Sandra Burney, and Betty Ann Sherwin. Mrs. Morris Dudley and Mrs. George Peterson are leaders.

### Hunter's Stew

Topping the menu for an outdoor cookout Thursday for Girl Scout Troop 240 is Hunter's Stew. These sixth grade Scouts, under the leadership of Mrs. Paul Kundrat and Mrs. John Benedict, are working on their Outdoor Cook Badge.

New officers recently elected are Paula Kundrat, president; Jean Walters, vice-president; Karen Ross, secretary; Alfreda Martinez, treasurer; Pat Benedict, hostess helper. Mrs. P. Ryan is assistant leader.

### New Conservative Baptist Sunday School In Pt. Loma

Early this month the Conservative Baptist Sunday School of Point Loma opened its doors to the area. The group meets in the Kiwanis Club of Point Loma Youth Center, Canon and Rosecrans.

This is to be an indigenous work, in cooperation with the Conservative Baptist Association of Southern California. Dr. Robert Dennis, general director of the association, and Rev. Warren K. Hume made a general survey of the San Diego area and realized the great potentialities of this growing community.

Rev. Hume, pastor of the new church Sunday school is well equipped through experience with new churches. His former pastorates include: Victoria Baptist church of San Bernardino, Temple Baptist church of Peris, Calif. and Beatty Ave. Baptist church of South Whittier, Calif. He graduated from the Southern California Baptist Theological College of Covina, Calif. and took additional work in the seminary division. He is well known through Southern California as a pastor, singer and evangelist.

Conservative Baptist is a fundamental, bible Sunday School. A hearty welcome is extended to all.

### BEAUTIFUL POTTERY EASY TO MAKE

According to the members of Mrs. Manzie Brook's Ceramics Class, anyone can learn to make beautiful ceramic pieces for the home or for gifts in a very short time. The class meets at Montgomery Junior High School every Thursday evening from 6:30 to 9:30.

One of the projects which has attracted a large number of the students, is a fruit bowl or shallow vase formed over a large smooth rock and glazed in beautiful shades to match existing home furnishings. Call BR-7-5070 to register for this class which is sponsored by Kearny Adult High School.

### Goodwill Industry Aids Handicapped

The 107 Goodwill Industries throughout the United States gave training and employment to 23,500 handicapped men and women during 1954, an increase of more than 1,000 from 1953, according to the annual report of Goodwill Industries of America, Inc., released today.

The report was issued by Dr. Myron Insko, executive director of Goodwill Industries of San Diego County. The San Diego Industries is a member of Goodwill Industries of America, Inc., which has its headquarters in Washington, D. C.

Although a non-profit organization, the Goodwill Industries were the biggest business in the field of private agencies serving handicapped people last year, P. J. Trevelhan, national executive secretary, reported.

## WHAT'S DOING

D. W. Lewis, your Telephone District Manager in San Diego

### Cable "doctors"—they roll out day or night

Fortunately, this scene isn't common. Telephone cables can usually be fixed in daylight. But once in a while, on the quiet streets here in town, you'll see cable "doctors" taking care of an emergency at night. For along with policemen, firemen, and the like, telephone people help keep the night watch while the rest of the community sleeps.

Operators, testmen, and repairmen are on the job throughout the quiet hours. Indeed, one of the big values of your telephone service is that it never rests. Your telephone is ready to serve you whenever you need it, 'round the clock. Pacific Telephone works to make your telephone a bigger value every day.

### A calling card you can use again and again

If you do much traveling, a Bell System credit card is just the thing for you. It's free. And you can use it to charge long distance calls from any Bell telephone and from most others anywhere in the country. Our business office will gladly give you more information about these handy cards. So why not ask about one soon. Your credit card will make it even easier to keep in touch with home and make business calls at today's bargain long distance rates.

### "What's Doing"

Television entertained many of us in San Diego last night. Our fine San Diego stations carry many network programs. A number of these originate across the nation in studios in New York. From the studios there, the program is sent to a telephone office in Manhattan, then flashes across the land through 106 Microwave Towers to San Francisco where it is directed to Los Angeles and San Diego. It arrives here in our Central office where it is sent to the local TV station. They send it out on the air to where your TV antenna pulls it into your living room. All this in 1/50 of second after leaving New York. We're proud of our part in television.

P. S. An extension telephone saves many steps and costs so little.

### Pt. Loma Community Church Social Hall Opens On March 28

Completion of the building program of the Point Loma Community Church will be celebrated Monday and Tuesday, March 28 and 29, when the new social hall facilities will be used for the first time.

A fellowship dinner followed by a variety show will be presented each evening at 6:30 o'clock, according to Fielder Lutes, program chairman and master of ceremonies. Mrs. Lester Shaw will be in charge of the dinners.

Featured in the variety show will be the Gay-Bon-Linn Trio, recent winners of the Horace Heidt talent contest in San Diego. Light opera selections will be presented by Starlight Opera

stars, Mildred and Bernard Lamb.

Singing popular music will be the Dixieland Combination, Miss Lois Hood, Mrs. Robert Putnam, Ray Counsell and John Hood. The Carol Choir, under the direction of Mrs. Ernest R. Anderson, will sing. Piano solos will be presented by Mrs. Keith Lister and Mrs. Putnam.

ABarber Shop Quartet, composed of Bernard Lamb, Kent Suttle, Rod Merrill and Fielder Lutes, will sing. Alex Zimmerman will accompany the vocalists.

## Backgrounds Given On Dana Teachers

Not every junior high has a vice-president who has played in two Rose Bowl football games and been a member of the U.S. Olympic team as has Richard A. Barber, Dana's boys vice-principal. In the early 1930's he played on the University of Southern California teams in the Rose Bowl and competed in the broad jump in the 1932 Olympic games.

At USC Mr. Barber majored

in commerce and minored in psychology and advertising, belonged to Kappa Sigma, Sigma Sigma, Skull and Dagger, Alpha Kappa Psi, and Phi Delta Kappa. During World War II and the Korean conflict he saw much of the world while an officer in the U. S. Navy. Between Navy duties he taught at La Jolla High School, and Kearny High, and he has been at Dana for a year. Together with his wife, Catherine, he is raising four sons and one daughter, and occasionally finds time for his hobbies of tennis and wood-working.

Mr. Barber thinks the junior high student presents a challenge to any teacher. "They progress from the small boy and girl stage to young adulthood. We do not solve their problems—rather we keep their emotional lids on and try to guide them through this difficult age," were his comments.

General Science  
Robert J. Exter, general science teacher at Dana, received a U. S. Government con-

ducted tour of the Aleutians, South and Central Pacific, Japan, China and Formosa while a member of the U. S. Navy. At San Diego State College, the University of California, and Claremont College, Mr. Exter majored in math and education, and minored in physics. He belonged to Sigma Pi Sigma and Tau Alpha Chi. At home he helps his wife make a home for their two girls and follows his hobbies of photography and gardening. Teaching junior high students he thinks is "Great."

Another science teacher at Dana is Mr. Delbert M. Dolphin who formerly taught in Jamestown, Ohio, and thinks junior high students are in the most interesting and enthusiastic age. He has much opportunity to stimulate the interest and enthusiasm of his 175 eighth and ninth grade science students in their daily classes.

Master of Arts  
Mr. Dolphin received his Bachelor of Science degree from Wilmington College, Ohio, his Master of Arts degree at Ohio State

University, and has done additional work at University of Cincinnati and at UCLA. His majors are physical science, social science and education with minors in English, biology and physical education. His home life includes his wife Beryl, daughter Jacqueline, and son Michael, and hobbies of a home work shop and gardening. Outside of his home he is interested in his church and in selling, facts or material. In his traveling he has been in all the 48 states except North Dakota and has also toured in Mexico and Canada.—By Mrs. H. L. Scantlin.

PREPARE DISPLAY  
The San Diego County Budge Society is preparing a display for the San Diego Home Show, which will open in the Electric Building in Balboa Park on Mar. 26 and continue through April 3. This will include interesting displays of rare parakeets, and other features of interest. Parakeets will be given away free, and there will be members of

the Society on hand during the entire show, to answer questions about these popular pets.

## Ruth K. Brady Now Holds Art Showing

Mrs. Ruth K. Brady announces the opening of her fifth annual one man show in the Library Gallery in La Jolla beginning March 24. The show will run through March 31. Since the artist has only one week for her show she relates that she will open the show in the evenings by appointment for those who can not see it through the day.

Mrs. Brady specializes in western scenery, however this show will include pictures done from sketches of eastern and southern scenery captured on her trip to the East coast during the Yule holidays. Mr. and Mrs. Brady traveled through the East and South and visited their daughter and son-in-law, Mr. and Mrs. E. J. Scott at Cherry Point, N.C.

## Spring Art Exhibit To Open April 8th

The San Diego Men's Art Institute, Inc., is now receiving entries for their Spring All San Diego County Art Exhibition, which will open April 8 and continue to May 1st. Paintings in any media may be entered by any artist whose residence is in San Diego County. There are no size limitations to the entries.

Although April 8 is the last day for receiving entries, early action is advisable to assure consideration for the limited space. It is estimated that the opportunities for sale, as well as recognition, should be exceptionally good.

An entry blank, stating the terms of the exhibition may be obtained by writing the San Diego Men's Art Institute, Balboa Park, San Diego 1.

Entries will be accepted at the Gallery on Wednesdays, Fridays, Saturdays and Sundays, between the hours of 1:00 to 4:30 p.m. until April 6th.

The Spring All-County Exhibition will be open free to the public on Wednesday, Friday, Saturday and Sunday afternoons, the City of San Diego which beginning April 8th and closing shows radar in operation.

INFORMATION POLICE  
The next "Information Police" show will discuss the subject of radar as an enforcement tool. The San Diego Police Department has had radar equipment for several months and has used it for various traffic studies. Recently it has been put in use to enforce speed regulations.

You will see a movie which was taken at various locations in the City of San Diego which

Tune in next Saturday, March 26th, 5:30 to 8:00 p.m. to "Information Police", on Channel 10, KFSD TV.

## HEALTH FOR ALL

**TIRE TEENS**  
Does your teen-ager sleep till noon on Saturday to the tune of the vacuum cleaner and other assorted bedlam? Does he (including she, of course) do his geometry stretched out on his bed? Does he carry on his telephoning sprawled on the floor? Is he always too tired to help with the dishes?

He may be ill, but he's more likely to be normal. And he isn't faking—either. Teen-agers tire easily for one or more of a dozen reasons, doctors tell us. It's just natural for them to need extra rest and sleep. Fortunately, it's one more of those periods of life about which parents can say hopefully, "They'll grow out of it." Wise parents can help them get through this period with the least fatigue.

First, of course, it is important to be sure that there is no illness causing your teen-ager's tiredness. He should have a thorough physical examination and chest X-ray as often as the doctor advises. Unhappiness and worry also can cause fatigue. It isn't always easy for parents to get to the bottom of the anxieties from which adolescents sometimes suffer seriously. The family doctor can often be of great assistance.

The major reasons for normal fatigue are rapid growth, too little sunshine and outdoor exercises, an overloaded schedule of social and school activities, poor diet, and overweight. You can't slow up your teen-ager's growth, but you can make sure that he gets plenty of outdoor exercise and proper diet with the extra protein he needs. You can help him budget his time so that he can get his work done, have fun, and still get to bed at a reasonable hour. And let him sleep late on Saturday morning.

## Cabrillo School Actively Listed

"Good citizenship and civic responsibility are an important emphasis in today's education," according to Miss Grace E. Finley, principal of Cabrillo School in Point Loma. Good training in this direction is afforded by democratic student body organizations, such as Cabrillo's Student Council.

Council elections recently, saw lively campaigning, complete with posters and oratory, culminated by secret balloting. Successful candidates assuming Council leadership are John Hickman, sixth-grader, president; Carol Egenoff, sixth-grader, vice-president; and Deanna Cleland, fifth-grader, secretary.

Conservation and thrift play an important part in the Council program, and Conservation Week saw these values underscored in an Assembly film program.

### Riders Qualify

Bicycle riders in the upper grades at Cabrillo School could be observed last week intensively studying bicycle safety and traffic rules. Officer Simon Bolger, San Diego Police patrolman assigned to the Cabrillo Patrol, organized and supervised qualifying tests for bike riders. Children receiving passing grades on the written examinations were given performance tests by Officer Bolger, assisted by Miss Finley and members of the PTA Board.

Cabrillo School was honored by the Police Dept. and Officer Bolger recently when sixth-grader Fred Conrad was elevated to the rank of Patrol Captain. Fred, son of Dr. and Mrs. J. F. Conrad of Point Loma, is one of the few Patrol Captains in the city. The promotion was in recognition of his meritorious service as head of his school's patrol unit.

Dr. Barbour Speaks  
Dr. J. Richmond Barbour, Director of San Diego City Schools Guidance Department, was guest speaker at Cabrillo School's PTA meeting held Tuesday afternoon.

All schools, public and private, are invited to enter their pupils in the writing and appreciation of good poetry, and to enter this contest. Do not write names on poems, but place in an inside sealed envelope the poem's title followed by the name and age of the writer, school, grade, and home address.

Send to Students' Poetry Contest Editor, 3692 Wilson Ave., San Diego 4, who will also give further information, if necessary.

## M-Sgt. D. W. Allen Serving In Austria

SALSBURG, AUSTRIA — M-Sgt. Douglas W. Allen, 34, son of Mrs. E. Hobart Molason, 3135 Quimby St., recently participated in Exercise Roundup, an Army training maneuver in Austria.

Held under simulated combat conditions, the week-long exercise included attacks by an "Aggressor Force" of British soldiers. In anticipation of the attacks, U. S. troops evacuated the area in a test of mobility. Sergeant Allen, who arrived in Europe on his current tour of duty in April 1954, first sergeant of the 4th Field Artillery Battery.

## New Residents Urged To Check Registrations

New residents of California whose motor vehicle registrations expire in their former home states or provinces on March 31 or April 1 will have 30 days thereafter to comply with California laws requiring them to register their vehicles in this state.

Paul Mason, Director of Motor Vehicles, today advised that persons who have accepted gainful employment here or who have otherwise taken up residence privileges in California while displaying out-of-state license plates on their vehicles, are subject to this legal requirement.

Mason said March 31 is the expiration date for vehicle registrations in Maryland, New Hampshire, New Jersey, Ohio, Pennsylvania, South Dakota, Tennessee, Vermont, Virginia, and Washington, D. C. Plates issued by five Canadian provinces, Guam, and the Provost Marshal in Japan also expire then. Texas vehicle registrations expire April 1.

The Motor Vehicles Director advised those affected to avoid the penalties for delinquent registration under California law by applying for California plates at any Department of Motor Vehicles office. They should be prepared to show their current registration and ownership documents, and the vehicle must be submitted for identification inspection. California documents and plates will be issued when applications are completed and fees are paid.

Persons who believe their documents may be incomplete should consult motor vehicle registration clerks early for information as to the records that may be necessary in applying for a California registration.
